

Thank you for your enquiry regarding our Nursery. I hope the enclosed will be of help to you.

Orchard Lea Nursery is situated in quiet surroundings with a large garden. Our catchment area is the Keynsham area, South East Bristol area and North East Somerset Area.

Orchard Lea Nursery Keynsham was established on the 1<sup>st</sup> March 2014.

The Nursery is open Monday to Friday 07:30am – 6:00pm. We close for three days at Christmas and all Bank Holidays.

We accommodate children from 6 months to school age, grouping children into age ranges which promotes learning through play with others of comparable skills. Each group has a mix of free flow activities at group time ensuring that every child has the opportunity to participate in all activities our nursery offers - some of which are:

art and craft	water play	music/singing
register time	construction	story time
outdoor physical play	gardening	indoor physical play
pretend/role-play	circle/review time	problem solving

Our gardens are both secluded and secure with plenty of space for outside play. We have a large open area with a variety of outdoor equipment including a play house, water play and covered area. Adjacent to the building is our decking allowing free flow choice for our children. There is a section reserved for children to gain 'hands on' nature experience and their own vegetable garden. We have a number of pets both inside and out that are cared for by the children.

Our dedicated staff team are either qualified or working towards a qualification. We are a mixture of ages ranging 19-70 many of us having between 1 and 22 years employment at Orchard Lea.

We believe that it is important that staff skills are regularly updated by attending workshops and courses organised in-house or externally. All staff hold certificates in Paediatric First Aid, Food Hygiene, Manual Handling and Safeguarding Children.

At Orchard Lea we provide a stimulating and caring environment that develops each child's social and intellectual skills, helping them to achieve their full potential. Our team encourages all children to develop their own individuality with confidence and independence planning activities which promote and support this.

With a mix of spontaneous child led and keyperson planned activities we fulfill all standards set by the Early Years Partnerships and Ofsted with whom we are registered.

Please see separate note in purple book. Our most recent Ofsted report is available online at:  
<http://www.ofsted.gov.uk/inspection-reports/find-inspection-report/provider/CARE/EY472617>

We follow the Early Years Foundation Stage Statutory Framework and Practice Guidance which combines Curriculum Guidance for the Foundation Stage, The Birth to Three Matters Framework and the National Daycare Standards. [www.education.gov.uk](http://www.education.gov.uk)

### **Parents meetings**

We hold parents evenings twice a year for each group and open evenings around particular transitions, and the Nursery door is always open for parents to drop in. Parents are very welcome to speak informally to staff during the day – but should lengthy discussion be necessary, please make a formal appointment through the office.

### **Under 2's**

We are registered to take 18 under 2's.  
The working child to staff ratio for this group is 3:1.

Our under 2's are divided into Babies (6-17 months) and Toddlers (17 – 24 months). They have separate play rooms but share a quiet sleep area and fully equipped bathroom. Each room leads onto decking with access to the main outdoor area at quieter times for free flow play.

Under 2's are staffed by 5 full time staff who are supported by lunch time helpers thus establishing a high degree of continuity of care, which is particularly important with under 2's.

### **Baby room**

Babies are given every opportunity to develop at their own rate whilst participating in a loosely structured day which introduces them to, art and craft, water play, music, singing etc. This is flexible enough to allow for their individual routines with relevant levels of stimulation.

### **Toddler room**

Activities are planned to introduce the foundation skills. Once again we feel it is important to have a loosely structured day allowing our toddlers to maintain their individual routines yet still participating in our active day.

### **Over 2's**

Each child will have a self registration peg coloured appropriate for their group: Blue = Butterfly, Yellow = Rabbit and Red = Fish. These are stored on boards situated in the lobby area. Please encourage your child to find their own picture when they arrive and return at end of session.

### **Butterfly Group**

The Butterfly group caters for children from 24 months to 36 months. Their play rooms are divided into role play, floor play, creative play and free flow place which is used for snacks, sleep and dance plus many other physical activities. The session activities are planned around our children's individual needs and interests, and establishing basic foundation skills in all areas of learning. The working child to staff ratio for this group is 4:1. During your child's time in the Butterfly group a 2 year progress check will be carried out which you can share with your Health Visitor.

## Over 3's area

This area has large and bright playrooms that are used by these groups. During a daily routine there are free flow times in each session where children can decide what and where they want to investigate, then returning to their base rooms for group time. We believe that it is important children are encouraged to tidy away after each session.

### Rabbit Group

The Rabbit group caters for children from 36 months and their planned activities continue to build upon each child's individual skills and interests. Learning at their pace, giving them confidence and enjoyment in all activities. The working child to staff ratio for this group is 8:1.

### Fish Group

The Fish group is for pre-school children whose structured day is very similar to reception class. This group is usually more readily prepared for school making this transition easier. They are always confident and motivated to learn having acquired all the necessary pre-school skills. The working child to staff ratio for this group is 8:1.

As your child moves groups in the main nursery they will be given an information sheet which explains the differences in the new group and who their new Key Person will be.

## Daily Routine

Our daily routine is not "set in stone" and may change to accommodate other activities at Nursery, new learning opportunities, weather, visits etc.

## **Funding Delivery**

**We have two ways in which you can use your funding with us at Orchard Lea**

### **1) An EYPP (Early Years Pupil Premium) & 2 Year funded Place.**

#### **a. Universal funding (11 hours per week)**

A purely funded place will consist of 1x 3 hour afternoon (14:00 – 17:00) & 2x 4 hour half day sessions. A maximum of 1 morning sessions are available per week subject to availability. I.E: 1

morning (08:30 – 12:30) and 1 afternoon (13:30 – 17:30). Please note a 3 hour half day session is only available to children assessing a purely funded place and is not a regular session.

b. Extended funded (22 hours per week)

A purely funded place will consist of 4x 4.5 hour & 1x 4 hour half day sessions. A maximum of 2 morning sessions are available per week. I.E. 2 mornings (08:00 – 12:30) and 3 afternoons (13:30 – 18:00 excluding Tea).

**2) 3 & 4 Year Old funded place - an hourly consumable charge of £1.25, plus meals.**

You can utilise your child's funded hours (11 or 22 hours per week) as you wish across all or part of their sessions they attend. Any funded hours are subject to an hourly consumable charge of £1.25 per hour. If children attend during lunch (12:30 – 13:30) there will be a separate meal charge of £2.75 for lunch. If children attend after 17:30pm there will be a separate meal charge of £2.50 for tea.

### Costs

If you are utilising 11 hours per week funding with us, you will be charged £13.75 per week plus any meals (£2.75 for lunch, £2.50 for tea)

If you are eligible and utilising 22 hours per week funding with us, you will be charged £27.50 per week plus meals (£2.75 for lunch, £2.50 for tea)

For hours over the 11 funded (where you are not eligible for the extended funding) or 22 funded per week. The regular session costs will apply.

#### **Part funded sessions.**

Where a session is not fully funded and only a proportion of the hours are covered by the funding. The regular cost of the session will be broken down into an hourly rate. You will be charged the hourly consumable of £1.25 per hour. Then any unfunded hours will be charged at the hourly rate for that session. E.G

4 hours am session regular cost is £26.30 without utilising any funded hours. If 3 out of the 4 hours are funded, you will be charged 3x £1.25 hourly consumable charge. Plus £6.58 for the remaining unfunded hour. £10.33 total.

### Consumable Charges

If your child is claiming funding during any of their sessions, there will be an hourly consumable charge of £1.25. This is due to the rate we receive from the local Authority, which is only intended to cover the fixed costs involved with providing basic care. The consumable charge covers items such as (but not limited to) snacks and drinks, arts and craft resources (paper, card, paint, glue, glitter, clay, pencils, sand, playdough etc) sun lotion, online learning journals, extracurricular activities (Diddi dance & press pause yoga), all trips (excluding admission charges) cleaning products and utility cost etc.

### General Information

#### **Learning at Nursery**

At nursery the needs of the group/individuals within the group will dictate the role of the room at the time. We find that this varies from day to day/season to season etc. We believe that Nursery, although developing firm foundations for future learning, should be fun, dynamic, caring and above all able to change, modify and adapt to the needs of those who use its services.

Sometimes for learning to be effective our planning is a combination of our children's interests and a variety of activities that will help with their development needs.

We use an online application or app to monitor and record the children's routine and development at nursery. The monitoring app keeps a detailed record of a child's learning including observations made at Nursery with photographs, pictures, mark making and creations from them. Parents are able to download the app and access and contribute to the information that we record. The aim is for this app to support, not replace verbal communication between nursery and home and vice versa.

Under two's also use the app to record each child's routine such as sleeps nappy changes, bottle feeds. These two-way communication tools help us to get a fuller understanding of their interests and needs and we hope that you enjoy contributing to them too.

Individual learning is reviewed during planned activities which support children's learning. Termly assessments are completed using the Early Years Foundation Stage areas of development as a guide. Input is gained from the child, family and key-person to inform these assessments which help plan for progression onto the next stages of development.

### **Nursery outings**

Nursery organises outings to compliment our activities for learning. Parents will always be sent home written details for the outings/staffing ratios and a consent form that needs to be completed, participation is at the parent's discretion.

### **Food and drink**

Our lunches are provided by Early Years Catering [www.earlyyears catering.co.uk](http://www.earlyyears catering.co.uk) who specialise in food for the under 5's. They provide nutritional balanced meals using organic and locally sourced produce. These main meals are complimented by two healthy snacks during the day and a late tea if needed. All dietary requirements can be catered for. We offer organic fruit and milk or water to drink.

The menu is displayed on the notice board in the inner hall. This is a 4 weekly cycle and changed with the seasons.

All children have free access to drinking water throughout the day. Frequent drinks/ice lollies are given during warmer weather.

At meal times we try to promote a relaxed environment with compatible levels of conversation and eating, this is also a good social skill that children use to encourage independence. A simple grace is said and signed before eating – 'thank you for our dinner'. The children are encouraged to try their dinner – even if just a small taste. This is followed by pudding. Second helpings are always available.

We usually find that even poor eaters will try their dinner during the sociable nursery dinner time. Good table manners are always encouraged.

Individual warm face clothes are handed around at the end of lunchtime so that children can clean their own face and hands.

### **Bathroom routine**

*Hand Washing*, all children are encouraged to wash their hands during the day particularly after using the toilet, before meals and cooking and after feeding/handling our pets.

*Toilet time*, we are working towards greater levels of independence, - help is always at hand and younger/potty training children are fully supervised.

*Soiling of clothes*, accidents can happen at any age and are part of our day. Children are dealt with in a reassuring manner and Nursery has a supply of spare clothes.

### **Illness/Medications/Accidents**

Obviously Nursery is not the best environment for an ill child and parents/carers will be contacted in the first instance. A child will not be accepted at Nursery with any contagious childhood illnesses e.g. conjunctivitis, impetigo or diarrhoea and sickness. Please see Illness policy.

<https://1drv.ms/b/s!AofwH13V1VrM3mDpJ1QLhJhgrGL>

*Medications* can be administered at Nursery providing a consent form and medicine logged in has been completed. Ask staff for help if needed. Please hand over all medicines directly to staff so that they can be stored safely and details entered on medicine board. Please see Medication policy.

<https://1drv.ms/b/s!AofwH13V1VrMoR4E7pEb6BpwNe1E>

*Accidents*, all staff have taken a paediatric first aid course and their certificates are updated regularly. All accidents once dealt with are entered into the accident book which you will be asked to sign and given a copy of confirming that you have been informed. In the rare case where we feel that a child may need further medical attention, you will be notified immediately. Should you be unobtainable, any other contacts given on your registration form will be notified immediately.

### **Discipline**

Is very age related and children should be beginning to understand differences between right and wrong and acceptable behaviour. An explanation will always be given and your child will be engaged in a more absorbing activity elsewhere in the room. Should the same problem re-occur we immediately adopt “a warning and then time out” philosophy – sitting by a staff member for a few minutes – on reflection circle. Allowances are made for out of the ordinary behaviour or occasional off days. Should any minor upsets occur during their day you will always be told – major incidents are recorded in the Incidents Book which you will be asked to sign on collection and given a copy of. Please see our Behavioural policy.

Orchard Lea promotes a respect of/for ourselves, each other and our environment.

### **Child protection**

We have a duty of care to protect our children, therefore we will record unusual occurrences and marks seeking explanations from parents/carers.

### **Clothing**

Nursery has a supply of spare clothes that can be used in case of accidents etc but it is always useful for you to pack your child's bag with their own spare.

### **Belongings**

To avoid loss all belongings should be clearly labelled with your child's name.

*Toys/Comforters*, we do not encourage toys from home being brought into Nursery as things can easily get lost amongst Nursery toys.

However, should your child be particularly upset or need a comforter, it is helpful if items are placed in their bag or shown to staff so that we can identify items later. (Please SEN policy regarding the use of comforters during the day).

### **Lost property**

Lost property basket is located in main lobby – please check for missing items.

### **Staffing**

Staff - photos board is situated inside the main hallway. All staff can be clearly identified by their uniform. A Key Person system operates throughout the Nursery and staff will introduce themselves to you.

Thorough references and CRB checks are completed for all staff. We are very fortunate that we do not have a high turnover of staff. Many of us have been here for over ten years.

*Students* - we believe that the Nursery should be involved in the future training of staff and throughout the year students from varying courses are placed here. Students are always directly supervised and can be identified by their name badges or t-shirts.

The childcare team is supported by part time lunch assistants, kitchen staff, office administration, handy person, gardener, and domestic/cleaning staff.

### **Garden**

We use the garden/decking areas throughout the year and ask that children bring in a coat in the winter and a hat in summer.

All carers must complete a sun cream consent form and we assume all children have sun cream applied when they arrive at the setting.

### **Communication with Nursery**

We start our communication process by arranging introduction sessions for your child before they start as well as a home visit during their first few weeks. This gives us all the opportunity to get to know each other.

It is important to update Nursery with any changes that may be happening at home, something we feel is of little consequence, may greatly affect a child's behaviour.

On our Parents Notice Board you will find Nursery policies, Ofsted report and current information and updates for your reference.

As there are so many Policies, we do not photocopy and send to all, but please ask for a copy if there is one that you particularly want to see and we can email it to you.

We also have an Information Board which you will be able to find out what daily activities/ special events/ visits and "things happening" at Nursery.

### **Star moments**

These stars contain information about something they have done well or tried hard at or anything good.

Blank stars are available for you to take home and write on; these can then be brought in and shared at circle time before attaching to the board.

All stars will be stuck in your child's Learning Journey at the end of the week.

**News bubbles**

A plain sheet of paper will be placed into your child's Learning Journey (purple book) on the last session of the week. It would be lovely to find out what they have been doing whilst not at Nursery. This could be at another setting, with you or member of your family, parties or special events.

We can then share this information at circle time and plan activities from your child's experiences. The bubble can then be dated, cut out and stuck into purple books.

Please do not feel pressured into writing lots, as you would be amazed at the conversations and discussion which start from a simple sentence of just a single word.

There are many other things that we could mention: here are just a few - outings, bought in workshops for music, dance, yoga and baby massage. Educational Display Companies and visitors who offer a range of hands on experiences and/or resources to enhance children's learning.

Why not drop by and meet us all. Appointments are not necessary but please avoid our busy lunch time – 12.00p.m to 2.00p.m.

Further information can be viewed on our website at [www.orchardleachildcare.co.uk](http://www.orchardleachildcare.co.uk)
